

JUNIOR ROLLER DERBY

SPONSORSHIP PACKET

What is Roller Derby?

Junior flat track roller derby started in 2006 after the rebirth of women's flat track roller derby to support youth also interested in this fast growing sport. The Junior Roller Derby Association (JRDA) is the overseer of all competitive junior roller derby leagues across the country. The game is played with enforced rules to maintain the safety of all skaters. Roller derby in general is the fastest growing sport in the world, and Washington and Idaho have over fifty operating teams.

Who are the Cherry Bomb Brawlers?

We are a diverse group of youth in the Spokane area. Our skaters have always come from a diverse background and we promote acceptance for one and all. Founded in 2011, our principles have been promoting athleticism, sportsmanship, and teamwork for all of our players.

Our league has been an active competitor under the Junior Roller Derby Association since 2011, and we have over 25 active skaters. The league operates in the Spokane-Spokane Valley area and our bout season runs from September through mid-July. We compete in bouts nearly every other month against teams from Washington, Idaho, Oregon, Utah, and Montana.

Our league is volunteer-run and our expenses are currently covered by member dues, fundraising, and sponsors. We are a 501(c)3 through the Junior Roller Derby Association, which is our league's governing body. Thus, donations to our league are tax-deductible.

WE ARE ONE

Because in roller derby, the only label that matters is none.
